5143 White Attica (13mm, Ultimo Collection)

**Freedom  
of design with  
endless application  
possibilities**

**Caesarstone quartz –  
beauty and strength  
combined**

Since 1987 Caesarstone has been pioneering with quartz, developing thousands of designs and launching hundreds of successful new products each and every year.

Quartz is more than beautiful, it is also one of nature's strongest minerals. Engineered to last a lifetime, Caesarstone quartz surfaces are impervious to stains, scratches and cracks, and is heat and cold resistant. Our surfaces retain the cool, tactile qualities of natural stone, while offering design freedom with almost unlimited application possibilities. Caesarstone surfaces combine form and function, allowing for the most diverse, durable and practical applications.

5143 White Attica (13mm, Ultimo Collection)

## New 2018 Caesarstone colours

For 30 years, Caesarstone has been inspiring the world's best kitchen designs. This year we welcome four vivacious new colours exclusive to the Caesarstone collections. With a reputation of developing the most unique and cutting-edge designs, Caesarstone is proud to offer you Excava 4046, Airy Concrete 4044, Cloudburst Concrete 4011 and White Attica 5143.

Imitating the organic movements found in nature, each slab has unique colour variations and veining. For this reason, make sure you view and select your slab in person, to ensure you're getting your favourite choice.

## Rough, unpolished and exclusive to Caesarstone

## The Metropolitan Collection

Leading the industrial trend our new Metropolitan Collection uses cutting-edge technology exclusive to Caesarstone. Weathered patinas have been introduced to the quartz surface industry, for the first time. Each colour in the collection has been designed to reflect the authentic textures, such as oxidized steel, poured plaster and raw concrete. Embedded with depth, movement and visual impact, these materials make for inspiring kitchens, surprising bathrooms and striking hospitality features.

*\*Please note: All of our Metropolitan surfaces have a matt, non-glossy finish to capture the essence of concrete. Concrete-inspired surfaces require a little more daily maintenance, but they are just as durable and non-porous as our polished surfaces.*

# Supernatural collection

Supernatural combines the spirit of nature with the higher performance of Caesarstone. A range that mirrors the complexity, emotion and uniqueness of natural stone while delivering superior quality and durability. All of our Supernatural surfaces are polished.

We promise you fast, efficient, professional customer service and support

## Low maintenance living

Caesarstone surfaces require minimal maintenance to keep them looking like new. Gentle cleaning with soap and water or a mild detergent ensures ease of care for long-lasting luster.

## Quality & Service

As passionate as we are about design, we are equally committed to providing the best quality and service. Caesarstone has received worldwide recognition for our commitment to quality, safety and environmental standards. Each and every one of our surfaces is carefully inspected to ensure it meets the highest level of international quality standards.

## Lifetime Warranty

Your peace of mind is a top priority. We provide every client with a comprehensive lifetime warranty (residential) and professional customer support for every Caesarstone quartz surface product we supply. This means that we support our product, and that we are always at your service to answer queries, solve problems and ensure you derive maximum satisfaction from your Caesarstone product.

Designed  
to inspire

## Collaborating with leading designers

World-renowned designers and architects choose to partner with Caesarstone to set new design trends.

While our collaborations have garnered many design awards, they have a much more important function for us. Design collaborations push us to push boundaries. We seek to innovate. Our ambition is to consistently set new standards for your interiors - to pioneer new styles, new collections and new textures that give our customers the latest, most cutting-edge designs.
